

TRAFFIC SAFETY

APPLICATIONS

MATS FOR PROFESSIONAL USE

Notrax® is one of the world's largest integrated manufacturers of dust control and industrial floor mats for professional use. Our commitment is to make quality products and to continue looking for innovative ways of serving our customers. Notrax® mats are manufactured for industrial and commercial environments and are subject to rigorous testing for safety, quality and durability according to American and European quality norms and standards. Notrax® provides innovative matting solutions for ergonomics, slip prevention, cleaning and hygiene, ESD, health and safety for manufacturing, janitorial, food service, production, logistics, education, health care, events and entertainment, and many more industries.

GROUND PROTECTION

Ground protection mats are a critical safety solution in the traffic safety, oil & gas, transmission, and landscaping industries. TuffTrak® mats are manufactured from composite material, giving them longer lifespans than wood options. Featuring both heavy duty mats capable of supporting cranes and other heavy equipment, as well as light duty access mats for trucks and construction equipment, the TuffTrak® line is diverse enough to provide a ground protection solution for any application. Don't let swampy or rugged terrain derail projects; TuffTrak® mats keep both vehicles and people moving with traction patterns designed to maximize grip and safety.

MOTION SAFETY

The Monster brand deals with safety products for motion related activities, such as vehicular and pedestrian traffic safety. Monster encompasses a wide variety of products, including wheel chocks, warning whips, barricade lights, industrial beacons and strobes, parking lot safety solutions, vehicle identification signs, and composite cribbing. Monster chocks are known worldwide, and are a staple of every mine site. As the strongest and lightest chock on the market, the Monster chock makes correct position easy, keeping both people and vehicles safe. Monster whips and signals are long lasting and extremely bright, ensuring visibility and safety. Monster parking lot safety solutions, including parking curbs, speed bumps, and speed humps, are designed with premium durable rubber which allows these products to outlast and outperform the competition.

CABLE PROTECTION

The Linebacker® brand is focused on cable management systems, cable ramps, and hose bridges. Cable management systems are used in a multitude of industries to prevent damage to cables and hoses as well as to protect pedestrians and vehicles from cable exposure. Linebacker® cable protectors feature a durable polyurethane construction that is simultaneously stronger and lighter weight than similar rubber or metal products. This portability makes setting up Linebacker® cable protectors simple and easy, while the durability gives the products a much longer life span. Linebacker® offers solutions for a variety of applications, ranging from heavy duty mining to indoor office applications. While many models feature hinged lids, drop over, open top, and low profile models are also available, ensuring that Linebacker® has a solution for every type of cable and application.

TRAFFIC SAFETY APPLICATIONS

LINEBACKER®
CABLE MANAGEMENT

CABLE & HOSE PROTECTION

Linebacker® Cable Management offers the most extensive line of high performance cable protection products in the world. These durable systems protect valuable electrical cables, cords and hose lines from damage while providing a method of safe passage for pedestrian traffic, vehicles and heavy duty equipment.

HEAVY DUTY SERIES

Model # CP5X125

- Checkers' most robust cable protection option
- High load-bearing capacity
- Ideal for: traffic safety, industrial, oil and gas, mining, military

YELLOW JACKET SERIES

Model # YJ5-125

- Introduced over 30 years ago, the "original" cable protector
- Dog Bone Connectors to extend to any length
- Recommended for applications with heavy volume vehicle traffic

GUARD DOG SERIES

Model # GD5X125

- Checkers' most versatile option
- For pedestrian traffic and over-the-road vehicles
- Ideal for: traffic safety, utility, industrial, entertainment

YELLOW JACKET AND GUARD DOG SERIES ADA

Model # YJ5-125-ADA

- ADA/DDA accessibility ramps built in
- Dog Bone Connector
- Reinforced hinged lid for easy cable placement

DIAMONDBACK HOSE BRIDGE

Model # UHB4045

- Protects hoses up to 6.5 in.
- Reduces hose maintenance costs
- Ideal for: traffic safety, mining, refineries, industrial, firefighting vehicles

SUPER HOSE BRIDGE

Model # CHHB568

- Protects hoses up to 10" in diameter.
- 14,000 lbs. per axle load capacity
- Includes 3 male connections and 3 female connections

CRIBBING

Monster cribbing provides stability and solid contact. These products are manufactured from 100% recycled plastic which provides durability while being environmentally sound.

CRIBBING & WEDGES

Model # CH67SC-24

- 100% recycled plastic material
- Industrial grade
- Resistant to gas, oils, and chemicals
- Saves time and money
- Easy one-person install

DURA CRIB® STEP CHOCKS

Model # CHSC-1

- Fastest way to stabilize
- Solid construction ensures support
- Built-in hand hold
- Unmatched strength
- Durable against splitting, rot, fluid absorption, termites or mold

LIFT BAG PROTECTION PADS

Model # CHBP2424

- Defends expensive bags from hidden glass or sharp stones
- Protects against cuts and deflation
- Top pad flexes to conform to irregular surfaces

WHEEL CHOCKS

Checkers manufactures the world's most extensive line of wheel chocks. Monster wheel chocks comply with the safety requirements for a variety of industries and ensure a safe working environment while your vehicles are at rest. Made with durable urethane, Monster wheel chocks provide a safe chocking solution for any type of vehicle.

ALL-TERRAIN CHOCKS

Model # AT3512

- Durable urethane construction
- Recessed carrying handle
- Resistant to oils, fuels, and solvents
- High visibility yellow color
- Weather-resistant urethane

GENERAL PURPOSE CHOCKS

Model # UC1500

- Durable urethane construction
- Oil and chemical resistant
- Recessed carrying handles
- High visibility orange color
- Available in singles or pairs

RUBBER CHOCKS

Model # RC450

- Durable rubber construction
- Resistant to weather elements
- Either side can be positioned against the tire
- Ideal for smaller vehicles and trailers

TRAFFIC AND PARKING LOT SAFETY SOLUTIONS

Monster traffic and parking lot safety products are efficient, high quality solutions. Designed for speed reduction, these solutions keep roads and parking lots safe for both motorists and pedestrians. Monster speed bumps, speed humps, and car stops are long lasting, easy to install, and environmentally friendly.

RUBBER PARKING STOP

Model # 16101Y

- Helps protect the front of vehicles
- Prevents damage to structures
- Highly visible
- Extremely durable
- Ideal for indoor or outdoor use

RUBBER SPEED HUMP

Model # 23500V

- Slows traffic to 10-15 mph
- Interlocking design expands to any road width
- Maintains continuous traffic flow
- Made from vulcanized rubber
- Anti-skid surface

RUBBER SPEED BUMP

Model # 26111

- Slows traffic to 2-5 mph
- Made from 100% recycled tires
- In-molded reflective tape and cat eye reflectors add visibility
- Can be installed for temporary or permanent use

RUBBER WALL GUARD

Model # CG900

- High impact virgin rubber
- Long lasting and cost efficient
- Easily installed by 1 person
- Used for temporary or permanent installation
- High visibility

PLASTIC SPEED BUMP

Model # SB4S

- 100% recycled plastic material
- Withstands abuse from gas, oil, salt, sunlight, and chemicals
- Highly visible
- Extremely durable
- Easy one person installation

PLASTIC PARKING STOP

Model # CS4S

- 100% recycled plastic material
- Prevents damage to structures
- Highly visible & extremely durable
- Maintenance free
- Never requires painting

TRAFFIC SAFETY SIGNALS

Using innovative technology and high quality materials, high-visibility Monster barricade lights, beacons, and strobe lights provide superior performance and increased life to reduce replacement costs. Developed with construction and traffic safety professionals, Monster warning lights are designed to withstand the harshest conditions in the field.

SOLAR BARRICADE LIGHTS

Model # BS.D.D1.YR

- 360° LED internal light source increases visibility
- Efficient LED optic lens produces 30% more light output
- Rapidly recharges in 1 hour lasting up to 2 weeks with no sunlight

PREMIUM BARRICADE LIGHTS

Model # BR3.D.D3.YA

- Features 4 premium LEDs
- Tough housing made from all-weather polypropylene
- Efficient circuitry increases battery life up to 8 months of steady mode operation

ECONOMY BARRICADE LIGHTS

Model # BC3.AC.D3.YA

- Value priced economy light available in type A/C D-cell and A/C 6 volt
- Battery life of up to 4 months
- 3-way Operation: Steady On, Flashing, or Off

LED STROBES

Model # SL.310.HS.A

- Four exclusive operating patterns
- Ultra high efficiency power supply produces more flashes while reducing power draw
- Available in heavy duty and micro styles

LED BEACONS

Model # SL.2250.HMA

- Superior visibility and exceptional value
- Can be used as a steady burn, non-flashing beacon
- Changeable flash patterns
- UV-stabilized polycarbonate dome

MAGNETIC LED FLARE

Model # BPRO-R

- Durable polycarbonate housing
- Reusable - replaces thousands of flares
- No perchlorate - won't contaminate ground water
- No toxic fumes released

TRAFFIC SAFETY APPLICATIONS

MONSTER[™]
MOTION SAFETY

WARNING WHIPS

Monster warning whips are designed to increase the visibility of vehicles. Without a whip for extra visibility, large equipment operators can have difficulty seeing these smaller vehicles, potentially leading to accidents. Both lighted and non-lighted models are available, with many different mounting options.

LIGHTED WHIPS

Model # FS8L-O

- The preferred whips around the world
- Features premium, high visibility LEDs
- Weather-resistant resin construction

NON-LIGHTED WHIPS

Model # FSRR7W-HB

- Seven whip colors to choose from
- Durable nylon-mesh orange flag
- Includes threaded hex mounting base
- Ideal for recreation vehicles

GROUND PROTECTION

Whether you need to protect sensitive turf, or provide extra traction, TuffTrak® Ground Protection Solutions have you covered. TuffTrak® mats can be connected together to form roadways or walkways, and with a wide variety of traction patterns, weights, and designs, they are applicable to nearly every industry.

TuffTrak[®]
Ground Protection Solutions

ALTURNAMAT

Model # AM48

- Bold cleat tread for great traction
- Mats can be locked together with Turn-A-Links forming a continuous roadway
- Translucent material available to allow sunlight to reach grass

VERSAMAT

Model # VM48

- Flat tread design is easy to walk on
- Virtually eliminates ground restoration costs from vehicle damage
- Easy to handle
